The Department of Natural Resources is providing this report to satisfy the requirements of the "Procedures Concerning Certain Licenses Act", IC 14-11-4, and its associated administrative rule, 312 IAC 2-3. The application files are available for public inspection at the Division of Water's office in Indianapolis. Please contact the Division's Technical Services Section at (317) 232-4160 or the toll free number 1-877-928-3755 to make an appointment for file review. Photocopies may be made for a nominal charge of \$0.10 per 8 1/2 " X 11" copy.

A pre-action public hearing on an application may be requested by filing a written petition with the Director, Division of Water:

Michael W. Neyer, P.E., Director Division of Water Room W264 402 West Washington Street Indianapolis, Indiana 46204

For a petition to be considered valid it must:

- 1. Contain the typed or legibly printed name and complete mailing address of each petitioner;
- 2. Be signed by a minimum of 25 individuals who are at least 18 years old and either reside in the county where the project will take place or own real property within 1 mile of the project site;
- 3. Affirm that each signatory to the petition satisfies the requirements of item 2; and
- 4. Identify the application for which the public hearing is being requested either by the application # or the applicant's name and the project description.

A petition which does not meet these requirements will be considered invalid and the hearing request will not be granted.

A person may request that the Department provide written notice of its action on an application by filing a written request with:

Division of Water Room W264 402 West Washington Street Indianapolis, Indiana 46204

The request must identify the application by either the application # or the applicant's name and the project description.

Application # : FW-24071

Stream : Rogers Ditch

Applicant : Michael and Michelle Macri

3910 Glenview Drive

South Bend, IN 46626-3865

Description : A corrugated metal arch culvert will be placed to provide access to a private

residence. The culvert will be 25' long with a 11.83' span and a 7.58' rise. A small amount of fill will be placed over the culvert and adjacent to it. The project will also include minor channel reshaping both upstream and downstream of the crossing. Details of the project are contained in information and plans received at

the Division of Water on November 14, 2006.

Location : Approximately 1600' downstream (northeast) of the Ash Road crossing

DOWNSTREAM: near South Bend, Baugo Township, Elkhart County SW¼, SE¼, SW¼, Section 34, T 37N, R 4E, Wakarusa Quadrangle

Quad Code: 4108651

UTM Coordinates: Downstream 4606773 North, 578695 East

**UPSTREAM**:

UTM Coordinates: Upstream 4606773 North, 578695 East

Statute/Rule : Flood Control Act, IC 14-28-1, with the associated Flood Hazard Area Rule, 312

Application # : FW-24073

Stream : Unnamed Tributary

Wabash River

Applicant : \*Indiana Department of Transportation

Richard L Phillabaum

100 North Senate Avenue, Room N642

Indianapolis, IN 46204-2216

Description : A drainage ditch will be excavated along the north (right) bank of the Wabash

River to collect stormwater runoff associated with construction of the new US 231. The ditch will be approximately 300' long, 25' wide and will be excavated to a depth of approximately 13' below the existing grade. It will have 3:1 side slopes which will be stabilized with vegetation. Details of the project are contained in information and plans received at the Division of Water on November 16, 2006

Location : Beginning approximately 175' downstream of the US 231 stream crossing and

extending north approximately 3000'

DOWNSTREAM: near West Lafayette, Wabash Township, Tippecanoe County

SE¼, NW¼, NW¼, Section 31, T 23N, R 10E, Lafayette West Quadrangle

Statute/Rule : Flood Control Act, IC 14-28-1, with the associated Flood Hazard Area Rule, 312

Application # : FW-24074

Stream : Honey Creek

Applicant : Lamar Outdoor Advertising

4701 E. Margaret Drive

Terre Haute, IN 47803-9303

Description : A monopole billboard structure will be installed approximately 90' from the north

(right) bank of Honey Creek. The billboard face will be elevated approximately 40' above ground level on a 36" diameter steel pole. The structure will be supported by a 10' by 10' by 8' concrete footing constructed below the existing grade. A temporary crossing will be constructed to allow access to the site and

will be removed upon completion of the project. Tree removal will occur to ensure visibility, beginning at the US 41 stream crossing and extending 200' south. Details of the project are contained in information and plans received at the

Division of Water on November 21, 2006.

Location : Approximately 400' north and 100' west of the US 41 stream crossing

near Terre Haute, Honey Creek Township, Vigo County

Statute/Rule : Flood Control Act, IC 14-28-1, with the associated Flood Hazard Area Rule, 312

Application # : FW-24077

Stream : Wabash River

Applicant : Quiantenon Sportsman Club Inc

Shane Mundell

3900 South River Road

West Lafayette, IN 47906-4419

Description : Approximately 200' of the Wabash River's eroded north (right) streambank will be

stabilized with rip rap to protect the bank from further erosion. The rip rap will be keyed into the streambed at its base and will conform to the existing bank at the project limits. It will have a maximum height of 20', a maximum streamward

projection of 5' beyond the existing bank, and 1:1 sideslopes.

Details of the project are contained in information and plans received at the

Division of Water on November 22, 2006.

Location : Approximately 4000' south and 2500' east of the Base Line Road and South River

Road intersection

near West Lafayette, Wabash Township, Tippecanoe County SE¼, SE¼, Section 28, T 23N, R 5W, Lafayette West Quadrangle

Statute/Rule : Flood Control Act, IC 14-28-1, with the associated Flood Hazard Area Rule, 312

Application # : FW-24078

Stream : Hodges Ditch

Applicant : \*Indiana Department of Transportation

Richard L Phillabaum

100 North Senate Avenue, Room N642

Indianapolis, IN 46204-2216

Description : The existing 14' x 6' reinforced concrete slab top culvert will be replaced with a

20' x 7' reinforced concrete box culvert. The abutments will have 2:1 side slopes armored with revetment riprap over geotextile fabric. The abutments will be skewed 30 degrees. The existing structure will be completely removed. Also a 30" concrete pipe will outlet into Hodges Branch in the northwest quadrant and a 36" concrete pipe will outlet into Hodges Branch in the southwest quadrant of the bridge. The pipes will terminate in the wing walls of the bridge. Riprap placed over geotextile fabric will be placed at the base of the outlets for erosion control.

(Indiana Department of Transportation structure #STP-201-0(011).) Details of the project are contained in information and plans received at the Division of Water

on November 27, 2006.

Location : At the State Road 3/Main Street stream crossing

near Rushville, Rushville Township, Rush County

Stream : Little Duck Creek

Applicant : \*Indiana Department of Transportation

Richard L Phillabaum

100 North Senate Avenue, Room N642

Indianapolis, IN 46204-2216

Description : The existing 17' x 7', three-sided culvert will be replaced with an 87' long 20' x 7'

four sided box culvert. Riprap will be placed over geotextile fabric at each end for scour protection. This is in association with the repaving of State Road 37, of which approximately 2800' will be located in the floodway. Fill will be brought in

to level the road in an effort to widen the lanes. Details of the project are

contained in information and plans received at the Division of Water on October

18, 2006.

Location : In the left (southeastern) overbank beginning approximately 300' southwest of the

State Road 37 and County Road 700 West intersection extending northeasterly

up State Road 37 approximately 2800'
